Early repayment charges (1% for each year of initial rate remaining)

You can pay back the capital part of your loan by making "overpayments". These are amounts in excess of your monthly mortgage payment. An early repayment charge may apply if you make overpayments whilst you are paying the initial rate on your mortgage. Where this does apply, an early repayment charge is payable if the total overpayments in any one year exceed 10% of the amount which you borrowed. The early repayment charge is a percentage of the repaid amount, calculated as follows:

Years left on initial rate	Between 4+5	Between 3+4	Between 2+3	Between 1+2	1 or less
Percentage of overpayment amount	5%	4%	3%	2%	1%

For example, if you take out a five year fixed rate mortgage on 1 May 2018, then until 30 April 2019 you have between 4 and 5 years left on the initial rate. An early repayment charge in this period is calculated as 5% of the amount of your overpayment.

*Rates are not available for professional investors.

***"Loan to value" is the amount you want to borrow described as a percentage of the total value of the property.

***The APRC is calculated using the following scenario: property value of £600,000, a further advance of £25,000 and a product switch is applied to an existing mortgage balance of £300,000. The mortgage has a 20 year term and is repayable on an interest only basis. Fee total of £1,049 are not part of the loan amount. For mortgages over £2m to £3m the APRC is calculated using the following scenario: property value of £3,500,000; a further advance of £100,000 and a product switch is applied to an existing mortgage balance of £2,400,000. The mortgage has a 20 year term and is repayable on an interest only basis. Fees total of £3,299 are not part of the loan amount.

For mortgages over £3m to £5m the APRC is calculated using the following scenario: property value of £7,000,000; a further advance of £100,000 and a product switch is applied to an existing mortgage balance of £4,000,000. The mortgage has a 20 year term and is repayable on an interest only basis. Fees total of £4,049 are not part of the loan amount.

*Bank of England Base Rate, currently 0.50%.
